DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 are allowable.

Claims 1 and 8 are allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious a method of locating a football on a field of play and determining whether a first down has been achieved pursuant to the rules of the game comprising the steps of providing at least one portable display device having a micro-controller and an associated system memory, a transceiver for sending and receiving wireless data and an operator interface, and, placing a reflector proximate the nose of said football when said football is resting at a first and second locations to reflect a light beam from a measuring device and determining whether a first down has been achieved based on comparing the first and second calculated positions, in combination with the rest of the limitations of respective claims.

2. Claims 2-5 are allowable because they are dependent on independent claim 1 or an intermediate claim.

3. Claim 6 is allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious an apparatus for locating a football on a field of play and determining whether a first down has been achieved pursuant to the rules of the game comprising a distance measuring device having a means for generating a light pulse, a means for detecting the light pulse when reflected, a means for measuring the time elapsed between sending a light pulse and detecting the reflected light pulse, a computer means for calculating the position of a target relative to said distance measuring device, and a transceiver for sending and receiving data
